# Extracellular metabolite production by Bacteroides strains varies depending on carbohydrates used as carbon sources

Downloaded from: https://research.chalmers.se, 2026-07-30 13:12 UTC

Citation for the original published paper (version of record):
Lee, Y., Siewers, V., Larsbrink, J. (2026). Extracellular metabolite production by Bacteroides strains varies depending on carbohydrates
used as carbon sources. Applied and Environmental Microbiology, in press.
http://dx.doi.org/10.1128/aem.00542-26

N.B. When citing this work, cite the original published paper.

research.chalmers.se offers the possibility of retrieving research publications produced at Chalmers University of Technology. It covers all kind of research output: articles, dissertations, conference papers, reports etc. since 2004. research.chalmers.se is administrated and maintained by Chalmers Library
