Corrections to “Power-Efficient Voronoi Constellations for Fiber-Optic Communication Systems”

Shen Li, Ali Mirani, Magnus Karlsson, *Fellow, IEEE, Fellow, OSA*, and Erik Agrell, *Fellow, IEEE*

In [1], Voronoi constellations are investigated for fiber-optic communication systems. While the analysis and conclusions of [1] remain unchanged, the following corrections apply.

1) Fig. 1 has a few wrong bit labels, which should read as follows:

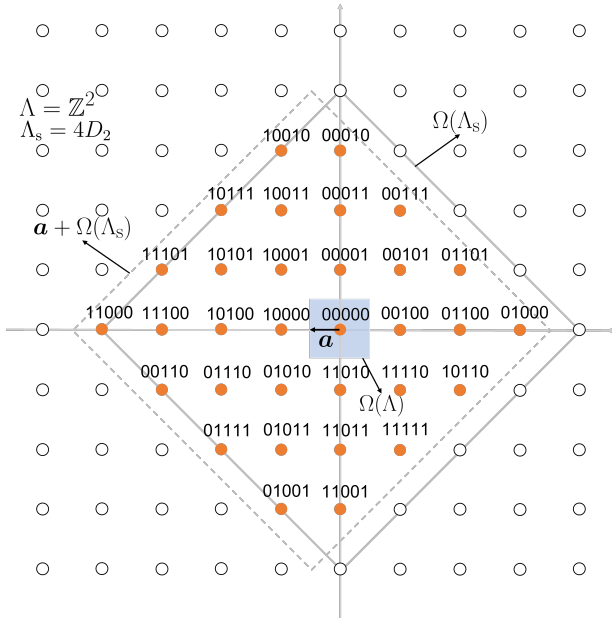

Fig. 1

2) In (6), the region of integration \mathbb{C}^n should read \mathbb{R}^n .
